

Cover Letter

I build things, figure things out, and keep growing. I don't focus on memorizing every detail because I excel at finding the right answers and solving the problem at hand. To me, imposter syndrome is just proof that I care about the quality of my work. Every project I build and every problem I solve proves I belong in this space. I value teamwork, clear communication, and building great things with great people.

Personal Information

Full Name: Marco Erin Fisher

Contact Number: 078 270 7737

Email Address: marcofisher21@gmail.com

Nationality: South African

Home Language: English

Other languages: Afrikaans

Current City: Cape Town
